

General Practice Lawyer

West Coast, South Island

Minimum 3 years PQE

Great team. Great opportunity. Great location and lifestyle. Great support from a larger firm.

Ever wanted to get away from the city and enjoy a more relaxed lifestyle in a smaller community? Here's your opportunity.

We're looking for an experienced lawyer to join our Greymouth team. Ideally, you'll already have a minimum of 3 years' solid general practice experience, including property, rural and commercial law. Trusts and estates experience would also be beneficial. Working with partners who are approachable and ready to supervise, you will need an ability to work autonomously on files and with clients.

We're after someone who knows that Greymouth is where they want to set down roots and develop their career, someone who will get involved in the community, who is a team player, enthusiastic, dependable and technically competent.

Essential requirements include current or recent New Zealand law firm experience, a commitment to high standards and an interest in treating our clients as real people. We aim to journey with our clients through all their legal needs.

While this vacancy has arisen partly due to an upcoming parental leave absence, it is a permanent position. For the right person, opportunities exist to progress your career through the firm.

Hannan & Seddon is probably the largest law firm on the West Coast, based in Greymouth. The firm has been part of the community for over 150 years and is well regarded by locals. There's a great local team of 6 fee earners, plus support staff.

Hannan & Seddon operates as a division of Corcoran French. Corcoran French is a well-respected law firm operating from three locations in Christchurch, Kaiapoi and Greymouth. All up, a team of 43 fee earners, plus support staff. That means you've got the best of both worlds. You're part of a small local team, but there's plenty of support available from your colleagues over the hill.
